### Prevention of Spread of Communicable Disease, Illness, or Poisoning

#### 001 Authority

These regulations are enacted pursuant to Neb. Rev. Stat. § 71-501, and 71-1626 *et seq.* and apply to the exercise of authority by the Department to order Directed Health Measures necessary to prevent the spread of communicable disease, illness or poisoning.

Nothing in these regulations precludes the Department from requesting voluntary compliance with beneficial health measures.

Nothing in these regulations precludes the Department from referring a matter covered by these regulations to the State Public Health Department at any time.

#### 002 Definitions

**Chief Medical Officer:** means the state Chief Medical Officer appointed pursuant to Neb. Rev. Stat. § 81-3201, if the State Public Health Department Director is not a Medical Doctor.

**Decontamination:** means the removal or neutralizing of contaminating material, such as radioactive materials, biological materials, or chemical warfare agents, from a person or object to the extent necessary to preclude the occurrence of foreseeable adverse health effects. Decontamination includes remediation or destruction of sources of communicable disease or biological, chemical, radiological or nuclear agents.

**Department:** means the Central District Health Department

**Directed Health Measures:** means any measure, whether prophylactic or remedial, intended and directed to prevent or limit the spread of communicable disease or to prevent or limit public exposure to or spread of biological, chemical, radiological or nuclear agents.

**Director:** means the Director of the Central District Health Department, or a person acting on behalf of the Director as his or her designee.

### **003 Findings**

#### **A. When the Director receives information from:**

1. the United States Department of Health and Human Services Centers for Disease Control and Prevention;
2. the State Public Health Department;
3. any other Local Public Health Department;
4. communicable disease surveillance conducted by the Central District Health Department;  
or
5. treating health care providers or health care facilities

that a member or members of the public have been, or may have been exposed to a communicable disease, illness or poisoning by biological, chemical radiological or nuclear agents, the Director will review all information under the following provisions to determine if any Directed Health Measure should be ordered.

#### **B. Before ordering a Directed Health Measure, the Director:**

1. Must find both:
  - a. that a member or members of the public have been, or may have been exposed; and
  - b. that Directed Health Measures exist to effectively prevent, limit or slow the spread of communicable disease or to prevent, limit or slow public exposure to or spread of biological, chemical, radiological or nuclear agents; and
2. Must find one or more of the following:
  - a. that the exposure presents a risk of death or serious long-term disabilities to any person;
  - b. that the exposure is wide-spread and poses a significant risk of harm to people in the general population; or
  - c. that there is a particular subset of the population that is more vulnerable to the threat and thus at increased risk;
3. May make further finding, in assessing the nature of the risk presented:
  - a. Whether the threat is from a novel or previously eradicated infectious agent or toxin;
  - b. Whether the threat is or may be a result of intentional attack, accidental release, or natural disaster;
  - c. Whether any person(s) or agent(s) posing the risk of communicating the disease are non-compliant with any measures ordered by a health care provider.

#### **C. If affirmative findings are made pursuant to subsection 003 B. and the Director further finds that a delay in the imposition of an effective Directed Health Measure would significantly jeopardize the ability to prevent or limit the transmission of a communicable disease, illness or poisoning or pose unacceptable risks to any person or persons, the Director may impose any of the Directed Health Measures set out in section 004.**

The Director's findings will be reported to the State Public Health Department Communicable Disease Control program.

The Director may refer the findings to the Director of the State Public Health Department and defer to that Director for the imposition of measures under the State Public Health Department's authority.

#### **004 Directed Health Measures**

A. Directed Health Measures which may be ordered by the Director are:

1. Quarantine:
  - Of individuals,
  - Of defined populations,
  - Of buildings and premises, or of defined areas, public and private, or
  - Of animals

The methods of quarantine may require the individual or population to remain within defined areas or to restricted activities, which may include "work quarantine" restricting individuals or defined populations to their residence or workplace.

In the event that the quarantine of affected premises posing an immediate threat to the public health and safety is determined to be incapable of effective enforcement, the Department may act alone or in concert with any local jurisdiction having condemnation and nuisance abatement authority, to carry out measures effective to remove the threat, including safe demolition of the premises.

2. Isolation of individuals:
  - At home,
  - In a health care facility, or
  - In another designated area.
3. Decontamination.
4. Such other protocols or measures as may be identified as effective against public health threats by the American Public Health Association, the United States Department of Health and Human Services Centers for Disease Control and Prevention or other similar authority.

B. Any of the Directed Health Measures may include, and are not limited to, any of the following:

1. Periodic monitoring and reporting of vital signs.

## **MUNICIPAL PROPERTY**

### **§ 93.001 DEFINITION.**

For the purpose of this subchapter, the following definition shall apply unless the context clearly indicates or requires a different meaning.

**SIDEWALK SPACE.** That portion of a street between curb lines and adjacent property lines.

### **§ 93.002 MAINTENANCE AND CONTROL.**

The Board of Trustees shall have the care, supervision, and control of all public highways, bridges, streets, alleys, public squares, and commons within the municipality and shall cause the same to be kept open and in repair and free from nuisances.

(Neb. RS 17-567(1))

### **§ 93.003 OBSTRUCTIONS.**

(A) Trees and shrubs growing upon or near the lot line, or upon public ground, and interfering with the use or construction of any public improvements shall be deemed an obstruction under this chapter. Such trees and shrubs and their roots may be removed by the municipality at the expense of the owner of the property upon which the tree is located should the owner fail, or neglect, after notice, to do so. It shall be unlawful for any person, persons, firm, or corporation to obstruct, or encumber, by fences, gates, buildings, structures, or otherwise, any of the streets, alleys, or sidewalks. The public ways and property shall be considered to be obstructed when the owner or occupant of the adjacent property shall permit or suffer to remain on any premise owned or controlled by him or her any hedge, shrubbery, bush, or similar growth within two feet adjacent to the lot line whether there is a sidewalk abutting or adjoining such premise or not. It shall be the duty of owners and occupants to at all times keep trimmed and pruned all such similar growth. Whenever any such growth is allowed to grow within two feet of the lot line contrary to the provisions of this chapter, the Board of Trustees may pass a resolution ordering the owner or occupant to remove such obstructions within five days after having been served

with a copy of the resolution by the municipality stating that the municipality will do so and will charge the costs thereof to the owner or occupant as a special assessment for improvements as herein provided, or shall collect the same by civil suit brought in the name of the municipality against the owner or occupant. It shall be the duty of an owner or occupant engaged in construction of any building or improvement upon or near the public ways and property to have all excavations or exposures of any kind protected and guarded by suitable guards or barricades by day and by warning lights at night. In the event of failure, neglect, or refusal to comply with the provisions of this subchapter, it shall be the duty of the municipality to stop all work upon the buildings and improvements until suitable guards are erected and kept in the manner aforesaid. Trees and shrubs growing upon the lot line partially on public ground and partially upon the abutting property, or wholly upon the abutting property, but so close to the lot line as to interfere with the making of any public improvement or so that the roots thereof interfere with any utility wires or pipe shall be deemed an obstruction, and such trees, shrubs, and roots may be removed by the municipality pursuant to the procedure prescribed above. In the event the property owner is a non-resident of the county in which the property lies, the municipality shall, before levying any special assessment against that property, send a copy of any notice required by law to be published by means of certified mail, return receipt requested to the last known address of the non-resident property owner. The last known address shall be that address listed on the current tax rolls at the time such required notice was first published.

(B) Persons engaged in the erection, construction, reconstruction, wrecking, or repairing of any building, or the construction, or repair, of a sidewalk along any street, may occupy the public street space with such building material and equipment as long as is necessary if such persons shall make application to and receive a permit in writing from the municipal official in charge of municipal streets to do so, provided that no permit for the occupancy of the sidewalk space and more than 1/3 of the roadway of the public space adjacent to the real estate on which said building is to be constructed, erected, reconstructed, wrecked, or repaired shall be granted, and provided further that a suitable passageway for pedestrians shall be maintained within the public space included in the permit which shall be protected and lighted in the manner required by the official issuing the permit.

**§ 93.004 WEEDS.**

It is hereby the duty of the Utilities Superintendent or his or her duly authorized agent to view and inspect the sidewalk space within the corporate limits for growing weeds during the growing season, and if rank and noxious weeds are found growing thereon, he or she shall notify the owner or occupant thereof to cut down such weeds as close to the ground as can be practicably done and keep the weeds cut thereon in like manner during the growing season for weeds, provided that any weeds growing in excess of 12 inches on any sidewalk space shall be considered a violation of this section. In the event that the owner of the lot or parcel of land abutting said sidewalk space within the municipality is a non-resident of the municipality or cannot be found therein the notice may be given to any person having the care, custody, or control of such lot or parcel of land. In the event that there can be found no one within

the municipality to whom notice can be given, it shall be the duty of the Utilities Superintendent or his or her agent to post a copy of the notice on the premise and then to cut or cause the weeds thereon to be cut as therein provided and report the cost thereof in writing to the Board of Trustees. The cost shall then be audited and paid by the municipality and the amount thereof shall be assessed against the lot or parcel of land as a special tax thereon and shall be collected as are other taxes of the municipality or may be recovered by civil suit brought by the municipality against the owner of the parcel of land. In the event the property owner is a non-resident of the county in which the property lies, the municipality shall, before levying any special assessment against that property, send a copy of any notice required by law to be published by means of certified mail, return receipt requested to the last known address of the non-resident property owner. The last known address shall be that address listed on the current tax rolls at the time such required notice was first published.

#### § 93.005 SIGNS AND CANOPIES.

No person, firm, or corporation shall erect, or maintain, any sign, signboard, poster, or rigid canopy over any street, sidewalk, alley, or on other public property without having first obtained a permit therefor. Permits for signs, canopies, posters, and signboards shall be issued by the Municipal Clerk, subject to the approval of the Utilities Superintendent. All signs and canopies extending over any public sidewalk, street, alley, or other public place must be securely fastened and constructed so that there will be no danger of the same being dislodged by ordinary winds, or falling from other causes. No sign or canopy shall be erected or maintained which extends over any public sidewalk, street, alley, or other public place in such a location as to obstruct the view of any traffic light, sign, or signal. Upon the written order of the governing body, any person owning or occupying the premise where such a sign, canopy, poster, or signboard is located, shall cause the same to be removed within the time limit specified on such notice.

Penalty, see § 10.99

#### § 93.006 OVERHANGING BRANCHES.

The owner or occupant of any lot, piece, or parcel of ground abutting or adjacent to any street or sidewalk over which there extends the branches of trees shall at all times keep the branches or limbs thereof trimmed to the height of at least eight feet above the surface of the walk and at least 14 feet above the surface of the street. Whenever the limbs or branches of any tree or trees extend over streets or sidewalks contrary to the provisions herein so as to interfere with the lighting of the street from street lights or with the convenience of the public using the street or sidewalk, the Board of Trustees at any regular or special meeting may pass a resolution ordering the owner or occupant to cut or remove the obstructions within five days after having received a copy thereof from the Utilities Superintendent stating that the municipality will remove the branches and charge the costs thereof to the owner or occupant as a special assessment for improvements as herein provided, if the resolution is not complied with. In the event the property owner is a non-resident of the county in which the property lies, the

municipality shall, before levying any special assessment against that property, send a copy of any notice required by law to be published by means of certified mail, return receipt requested to the last known address of the non-resident property owner. **§ 93.007 SALE AND CONVEYANCE.**

(A) Except as provided in division (I) of this section, the power of the municipality to convey any real and personal property owned by it, including land used for park purposes and public squares, except real property used in the operation of public utilities, shall be exercised by resolution, directing the sale at public auction or by sealed bid of such real and personal property and the manner and terms thereof, except that such real and personal property shall not be sold at public auction or by sealed bid when:

(1) Such property is being sold in compliance with the requirements of federal or state grants or programs;

(2) Such property is being conveyed to another public agency; or

(3) Such property consists of streets and alleys.

(B) The Board of Trustees may establish a minimum price for such real and personal property at which bidding shall begin or shall serve as a minimum for a sealed bid.

(C) After the passage of the resolution directing the sale, notice of all proposed sales of real and personal property described in division (A) of this section and the terms thereof shall be published once each week for three consecutive weeks in a legal newspaper published in or of general circulation in the municipality.

(D) If within 30 days after the third publication of the notice a remonstrance against such sale is signed by registered voters of the municipality equal in number to 30% of the registered voters of the municipality voting at the last regular municipal election held therein and is filed with the Board of Trustees, such property shall not then, nor within one year thereafter, be sold. If the date for filing the remonstrance falls upon a Saturday, Sunday, or legal holiday, the signatures shall be collected within the 30-day period, but the filing shall be considered timely if filed or postmarked on or before the next business day.

(E) Upon the receipt of the remonstrance, the Board of Trustees, with the aid and assistance of the Election Commissioner or County Clerk, shall determine the validity and sufficiency of signatures on the remonstrance. The Board of Trustees shall deliver the remonstrance to the Election Commissioner

or County Clerk by hand carrier, by use of law enforcement officials, or by certified mail, return receipt requested. Upon receipt of the remonstrance, the Election Commissioner or County Clerk shall issue to the Board of Trustees a written receipt that the remonstrance is in the custody of the Election Commissioner or County Clerk. The Election Commissioner or County Clerk shall compare the signature of each person signing the remonstrance with the voter registration records to determine if each signer was a registered voter on or before the date on which the remonstrance was filed with the Board of Trustees. The Election Commissioner or County Clerk shall also compare the signer's printed name, street and number or voting precinct, and municipal or post office address with the voter registration records to determine whether the signer was a registered voter. The signature and address shall be presumed to be valid only if the Election Commissioner or County Clerk determines that the printed name, street and number or voting precinct, and municipal or post office address matches the registration records and that the registration was received on or before the date on which the remonstrance was filed with the Board of Trustees. The determinations of the Election Commissioner or County Clerk may be rebutted by any credible evidence which the Board of Trustees finds sufficient. The express purpose of the comparison of names and addresses with the voter registration records, in addition to helping to determine the validity of the remonstrance, the sufficiency of the remonstrance, and the qualifications of the signer, shall be to prevent fraud, deception, and misrepresentation in the remonstrance process. Upon completion of the comparison of names and addresses with the voter registration records, the Election Commissioner or County Clerk shall prepare in writing a certification under seal setting forth the name and address of each signer found not to be a registered voter and the signature page number and line number where the name is found, and if the reason for the invalidity of the signature or address is other than the nonregistration of the signer, the Election Commissioner or County Clerk shall set forth the reason for the invalidity of the signature. If the Election Commissioner or County Clerk determines that a signer has affixed his or her signature more than once to the remonstrance and that only one person is registered by that name, the Election Commissioner or County Clerk shall prepare in writing a certification under seal setting forth the name of the duplicate signature and shall count only the earliest dated signature. The Election Commissioner or County Clerk shall certify to the Board of Trustees the number of valid signatures necessary to constitute a valid remonstrance. The Election Commissioner or County Clerk shall deliver the remonstrance and the certifications to the Board of Trustees within 40 days after the receipt of the remonstrance from the Board of Trustees. The delivery shall be by hand carrier, by use of law enforcement officials, or by certified mail, return receipt requested. Not more than 20 signatures on one signature page shall be counted.

(F) The Board of Trustees shall, within 30 days after the receipt of the remonstrance and certifications from the Election Commissioner or County Clerk, hold a public hearing to review the remonstrance and certifications and receive testimony regarding them. The Board of Trustees shall, following the hearing, vote on whether or not the remonstrance is valid and shall uphold the remonstrance if sufficient valid signatures have been received.

(G) Real estate now owned or hereafter owned by the municipality may be conveyed without consideration to the state of Nebraska for state armory sites or, if acquired for state armory sites, such property shall be conveyed strictly in accordance with the conditions of Neb. RS 18-1001 to 18-1006.

(H) Following passage of the resolution directing a sale, publishing of the notice of the proposed sale, and passing of the 30-day right-of-remonstrance period, the property shall then be sold. Such sale
